The above line of Steamboats runs direct to our Dock at Buffalo, and all goods contracted by this line for the Upper Lakes will be shipped (unless otherwise ordered or contracted) by *Steamboats,* and Propellers with but one, or possibly two exceptions. The Eckford is the only Line not interested in, or committed to, a Propeller Upper lake Line; and in endeavoring to sustain a line of *Steamboats* on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western states, when interest demands the continuance of a line of such a class of Boats. Refer to L. J. Higby, Thomas P. Williams, and Kellogg, Strong & Co., Milwaukee.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes, and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Briar Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

INSURANCE OFFICES.

EMPIRE
INSURANCE COMPANY,
Union Springs, N. Y.

CAPITAL...................................$100,000.

THE Directors of the Empire Insurance Company feel confident that the plan of Insurance adopted by them will meet with a hearty response in a discerning public. Our Charter and By-laws require that the application received shall be divided into two or more classes. Dwelling Houses and property of similar hazard, only, can be insured in the First Class, excluding Taverns, Work-shops, school-houses, Seminaries, Churches, and other kinds of hazardous property, usually taken in the so-called "Farmers' Companies," or "Farmers' Department." This will render the EMPIRE emphatically a "FARMERS' COMPANY."

They submit for the judgment of their fellow citizens the following summary of their plan of operations:

1. Policies will be divided into distinct Classes, the funds of each class being kept separate, and each paying its own losses. The notes given in one Class are not liable for losses happening in the other.

2. Any applicant may, at his option, pay a definite sum in full for his insurance, in lieu of giving his note.

3. The First Class to consist of dwelling houses and other farm buildings and personal property therein. Not more than two-thirds of the value of any building to be insured; but the personal property therein may be insured to its cash value.

4. The Second Class to consist of Churches, School-houses, Seminary Buildings, Work-shops, Taverns, Stores, Mills propelled by water power, &c., and personal property therein.

5. Not more than $3000 will be taken in one risk.

6. Steam Mills, Tallow, Distilleries, Cotton and Woolen Factories, Powder and Oil Mills, Furnaces, Machine Shops and other extra hazardous property will not be taken in this company.

7. This Company will hold itself responsible for the correctness of all surveys and other official acts of its authorized agents, thus ending an evil as to the technical correctness of surveys, and the consequent liability of the Company.

8. Any policy-holder may at pleasure withdraw from the Company by paying his share of the losses up to the time of such withdrawal.

9. This Company will adjust all claims with promptness and liberality, and if at any time a difference shall arise between the parties, the same may be settled by a mutual reference in the county where the loss shall have occurred.

10. Additional Stoves may be set up, or moved from one room to another, without giving notice to the Company; also, such repairs as do not increase the hazard of the property, need not be notified.

11. This Company will pay losses caused by lightning, whether the buildings are burned or otherwise damaged.

12. Should any more money be collected than sufficient to keep the company in a sound condition, it will be returned to the policy holders in proportion as each shall have paid in.

The Directors, in soliciting patronage for the *Empire Insurance Company,* do so in the firm conviction that the plan will be found as CHEAP and SAFE as any company can be made. In arranging their Rates of Hazard, and the kinds of property to be insured in each class, they have sought to secure sufficient cash premiums to meet all losses; laying by the small notes taken as a Reserve Fund, which shall render the Company perfectly safe against all contingencies.

For a more definite and full view of their plan of operations, they respectfully invite an examination of their Rates of Hazard and Classification of Property to be insured.

NEW YORK
MUTUAL BENEFIT ASSOCIATION,
Union Springs, N. Y.

THIS Association is formed for the mutual relief of its members in case of sickness or accident. A careful examination of its principles, and its beneficent objects, is respectfully solicited. The character and standing of the Board of Directors is a guaranty that the money received will be safely preserved and faithfully devoted to the objects proposed. The progress of HEALTH INSURANCE, within the past few years, in localities where its principles have been understood, and its beneficent results practically seen and felt, is unparalleled.

Men are literally binding themselves together to bear one another's burdens. No kind of insurance can be so generally useful as that of Health; for more people are dependent upon it as the capital which enables them to procure the means of livelihood. Hence, when by disease or accident this is gone, all is gone; and either an unpleasant dependence on friends, or poverty and privation, is the consequence. It is not presumed that accident or the ravages of disease can be prevented; but by a wise forethought, a fountain may be provided, which, when the hand of affliction does come, will soften its asperities, and secure a comfortable support for yourself or family.

Conditions of Membership.

A Certificate of Membership will be forwarded on payment of $1.50 Admission Fee, and the first annual deposit mentioned below. Each member will be entitled to a Weekly Benefit during the time disabled by sickness or accident from attending to his ordinary business or occupation. VOLUME VIII. MILWAUKEE DAILY SENTINEL. NEW SERIES.

Gun for Gun—and More.

From the Cleveland Herald.

Since the days when the "Boy Officer," Winfield Scott, upon the field of battle won glories under which were hid the disgrace of Hull's Surrender and other disastrous defeats, and when he won from Madison by his valor, in spite of his youth, grade after grade, until the highest was reached, Democratic administrations have looked to him for relief in time of tribulation. Jackson, the Father of modern Democracy, sent him to Carolina to crush the hydra of Disunion, and he succeeded in his mission.

In 1837-8, the Canadian outbreak occurred.—Along the entire frontier, the people of the States, inflamed by the fires of patriotism which burned so brightly in '76, organized for a cordial support of the people in revolt. The spirit was good, but it was misdirected; still it gained a power which the democratic administration could not control. Alarmed at the demonstration, the British Minister had addressed a note to Mr. Van Buren which told him that if the United States could not preserve their treaty faith, the British government would do it for them.

Trembling at the significant note which boded war, Mr. Van Buren turned for comfort, to Scott who, always ready to serve his country, was soon upon the frontier.

He arrived at Cleveland, the head quarters of the "Patriot" movement. Here he found nine out of ten men "Patriots." Lodges had been organized, measures taken for the invasion of Canada, men mustered and cannon balls cast. He had the Military force of the Union at his control, but if he called it into service hundreds of his own gallant, patriotic, well meaning country men must be sacrificed; and here, as wherever the alternative of Peace or War was presented, he sought to be the Great Pacificator. A meeting of the Patriots was called at the American. The Hall was crowded—all were opposed to him, and jealous and even fierce looks were cast upon him as he entered the hall, his tall, manly and commanding form towering above the assemblage.

Well do we remember that night when, a mere boy, we stood among that assembly, while the "Great Pacificator" poured oil upon the troubled waters which surged around him.

He told them that in a just war with Great Britain, it would be his pride, his pleasure, and his glory to lead the Armies of the Union into Canada. That in times past, to sustain American honor and in defence of American rights, he had fought and bled upon that soil. But now, treaties of amity and neutrality were interposed, which could not be trampled upon without breach of National faith. Should these be violated, no Nation would dare to treat with us, and we should be dishonored among the Powers of the Earth. He was entrusted with the power of the Union to prevent this disgrace, and if necessary, he should use it; but he trusted that a regard for justice and honor, was too deeply implanted in the American heart to require the exercise of that power.

But while he would prevent the violation of treaty faith by well meaning but rash citizens, he would as promptly oppose British assumption.—Fellow citizens, said he, as I came up the Niagara River on my way hither, I found the American steamer Barcelona on the American side ready to start. On the Canadian side a battery was planted, and a determination to fire into the Steamer was manifest. I wrote the Commander of that Battery a note, in which I told him that "my guns were planted, my matches were lighted, and, if he presumed to fire a gun at an American steamer, in American waters, under an American Flag, I should return him GUN FOR GUN—AND MORE!"

The Barcelona proceeded to her trip unmolested. Winfield Scott by fit words, fitly spoken, quelled a border warfare, proving himself a Great Pacificator, and it is fitting that when in consequence of his eminent services, he is tendered the compliment of the Presidency and bireling partizans assail him, that the people should rally round the man, who, great alike in Peace or War, sustained their rights and honor, and return the guerrillas "GUN FOR GUN—AND MORE!"

Outrages on the Rights of Naturalized Citizens.

A gentleman, an emigrant from one of the Northern German States, who had long been a naturalized citizen of the United States, was called home in 1850 to visit his father. He took with him a passport, signed by the Secretary of State, and countersigned at the port where he landed. He had not, however, performed the usual military service previously to his emigration, and it was hinted to him, that in case he made his appearance in his father's house, he would even then be forced into the army. We know that he sent the passport to the proper authorities, with the demand that he, as an American citizen, might be allowed to visit his native place, and received for answer that he could only pass the boundaries at his peril. What the result was in that case we are not informed.

Another case is that of an American citizen, born a Prussian subject, who at an early age had emigrated to America, and after some years had returned home on a visit under the protection of an American passport. This proved no protection to him, for he was seized, forced into the army, and not allowed to return to the United States till he had served three years.

A third case we find in the editorial correspondence of the Savannah Republican, as follows:

Speaking of native-born Germans who revisit their father land after becoming citizens of the United States, a singular case has just occurred in Hanover. Frederick Leopold, a naturalized citizen of the United States from Charleston, S. C., has been arrested by the Hanoverian Government, and sentenced by a tribunal to seven years of active military service in the army. This is on a plea that he owed military service to his native country. His passport from the Department at Washington, his citizenship and residence of 16 years among us, has availed him nothing in the face of this atrocious tyranny. Mr. Leopold has applied to Mr. King for his interference in the case, and Mr. K. has written to the United States Legation at Berlin to obtain his release.

HOW IT TAKES.—Extract from a letter from one of the most influential and intelligent Whigs in Southern Virginia:—

A Thousand and one Cheers for Scott & Graham!—Since the receipt of the dispatch forwarded by you, I have been in the greatest state of uneasiness, for fear Scott should not be nominated. After the platform was adopted, and Scott's letter, I can't conceive how any Southern man, particularly a Virginian, should have hesitated. If we don't carry Virginia, we shall shake the foundations of Locofocoism to their very centre. Never mind what the faint-hearted may say. He who fought over 40 square miles in one day, and gained five decisive victories, is not to be vanquished by such a concern as Pierce, of New Hampshire.—*Lynchburg Virginian.*

That's the music! We recognize that ringing yell! It makes the blood course more freely than it's wont. It smacks of victory. People will not be able to sleep quietly in their beds, while this great contest is in progress. Even old Virginia, water-logged as she has been by Locofocoism for the last twenty years, will be roused to the mighty issue.—*Richmond Whig.*

Nativism.

It will be noticed that the Native American Party, at their recent Convention at Trenton, decided to drop the word "Native" from their name, and henceforth proclaim themselves to be the "American Party." If this was really an indication that [they] had abandoned their previous illiberal, narrow [and] deservedly unpopular ground, we would welcome it as a change for the better in a quarter where such a change was sadly needed. But the change of name is accompanied by no change of principles. The same vote by which the new name was adopted, adopted also the "platform of 1851"—in all its original intolerance. Their object is still the same, viz: the proscription of foreigners; but they felt that the appellation by which they were known had brought them into contempt, and they seek by changing it to disguise their aim. "Nativists" have heretofore been the open enemies of adopted citizens. Now they would willingly entice them to give their strength to those whose only object is to work their injury, and make them the instruments of their own destruction.—*Albany Evening Journal.*

Anniversary of the Battle of Niagara.

If we can judge of the result, by the spirit with which the proposed celebration at Niagara Falls is taken hold of, it must be one of the largest, most interesting and enthusiastic gatherings ever known on this Continent. The event proposed to be commemorated—the point selected for the demonstration, and the ultimate object of the gathering in its political bearing, conspire to establish this belief. Already the note of preparation is heard beyond the bounds of this State. The people of Ohio are moving with an enthusiasm not known since the eventful campaign of 1840. The States bordering upon the Northern frontier will, without an exception, contribute largely to the human tide that will flow towards Niagara upon this occasion. Every admirer of Gen. Scott's brilliant career will feel a deep and active interest in this demonstration. It brings to mind the thrilling scenes of one of the brightest events that illumine the pages of American history, and strikes a chord in every American heart that responds gladly to the call upon this occasion to honor the hero by whose bravery and skill the American arms in the hands of citizen soldiery were crowned with imperishable laurels. Party ties and lines must be broken and rendered inoperative when the achievements of Scott appeal to the American people for commemoration. Thousands of his companions in arms, will for the first time in their lives forget their party allegiance and join in celebrating the glorious deeds of the hero, and in swelling his vote at the election. A consciousness of this state of things, leads us to look forward with confidence as to the magnitude of this demonstration and its effect upon the political character of the country.—*Buffalo Express*, 10th inst.

PROPRIETORS.
UNDER THE NAME AND FIRM OF
RUFUS KING & CO.

WHIG NOMINATIONS.

For President,

WINFIELD SCOTT

OF NEW JERSEY.

For Vice President,

WILLIAM A. GRAHAM,

OF NORTH CAROLINA.

Gen. Scott's Qualifications.

The *News* persists in its belief that Gen. Scott "has not the least qualification for the Presidency," and in answer to our statement that at the early age of 28 he was invited by President Madison to a seat in his Cabinet, replies, "the Gen. Scott of Madison's time, is not the Gen. Scott of to-day." Truly he is not. He had not then been selected by President Jackson to lead our forces in the "Black Hawk War"—a campaign signalized by Winfield Scott's brave, humane and self-denying conduct towards the troops under his command, while smitten by the terrible scourge of the Cholera.

He had not then been entrusted by President Jackson with the command of the troops during the threatened Nullification of South Carolina—when an imprudent word, an incautious act might have plunged the country into the horrors of a civil war, and when Gen. Scott acquitted himself of his delicate trust in a manner to command the thanks of the Executive and of Congress, and the hearty approbation of the American people.

He had not then been entrusted by President Van Buren with the difficult task of restraining the eager spirits on our Canada frontier, when an incipient revolution in that Province seemed to invite aid and sympathy from the United States.

He had not then been charged by President Van Buren with the removal of the Cherokees from their old hunting grounds in the South-Western States to lands allotted to them beyond the Mississippi—a task executed with so much kindness and humanity as to elicit from the celebrated divine, Dr. Channing, the following eloquent tribute: "In the whole history of the intercourse of civilized with barbarous, or half civilized communities, we doubt whether a *brighter* page can be found than that which records Gen. Scott's agency in the removal of the Cherokees."

He had not then been despatched, post haste, by President Van Buren to our North-east Boundary, to preserve by his wise counsels and firm conduct the peace between the U. S. and Great Britain, threatened by head-strong and unruly spirits on either side of the line; nor had won, by his timely and successful efforts, the proud title of the Great Pacificator.

And he had not then been entrusted by President Polk with the charge of the Mexican War. A war in which he raised the reputation of the American arms to the highest pitch, for valor in the field and humanity in victory: which, commencing with the capture of Vera Cruz, he closed by "conquering a peace" in the Halls of the Montezumas.

Gen. Scott had done none of these things when President Madison in 1815 invited him to a seat in his Cabinet; but if worthy of this distinction at that early age, how much more worthy now—if his "civil qualifications" were undoubted and undeniable then, how much must time, study, experience and near FORTY YEARS of public service have extended and improved them! "Opinions do indeed differ" on this point, but we are quite content to submit to the American People whether the partisan prejudices of the Milwaukee Morning *News* are more deserving of respect and consideration than the disinterested judgement of Presidents Madison, Jackson, Van Buren and Polk!

Organization.

As will be seen by the proceedings in our paper to-day, the friends of Scott and Graham, in this quarter, are moving steadily on in effecting a thorough organization of their forces for the campaign. They resolved to take the name of the "Scott Volunteers," and to do just as the old volunteers of 1814 did: *to wit*: form a Camp of Instruction, and make ready for sure victory, when they meet the enemy. After the adoption of the Constitution a large number came forward and recorded their names as members, among them several of our adopted citizens, and quite a number who have hitherto trained in the ranks of Democracy exclusively. "Things are working"—the fires are spreading. Said one enthusiastic German, whom we do not recollect to have met with before, as he put down his name—"I can tell more than two hundred Germans more"! Of course he can—two hundred isn't a beginning! There will be a rush to sign the Constitution as soon as the book is ready, and the only trouble will be to get one large enough.

The room engaged is quite central, and easy of access, and we understand it to be in contemplation to fit it up in a proper manner, and provide it with papers and documents, and keep it open every evening, after a time, as a general rendezvous, for the friends of the good cause.

With regard to procuring a cannon, a capital idea struck the minds of the Committee on Tuesday; *ie*, to organize an Artillery Company, of active men, to be regularly enrolled and officered. They struck the iron while it was hot, and 60 names were enrolled during the day. Two pieces of artillery can thus be obtained, and properly served and cared for, and our citizens be subject no longer to the caprices of foolish politicians.

The committee to nominate officers, meets this evening at the old Post Office.

☞ The *Banner* of Tuesday makes a labored and vindictive onslaught upon the *Sentinel* for presuming to publish the communication of "Americans," censuring the Sunday celebration of the 4th of July, and certain disreputable orgies which followed the Mai-Fest. We may publish a portion or the whole of this diatribe, to show our readers the *animus* of the *Banner* and its kindred prints. Meantime let us say that our correspondent fell into an unintentional error in ascribing to the *Banner* expressions used by the *Volksfreund*, and that the *Banner* falls into a much more serious error in stigmatyzing the communication of "Americans" as the offspring of "Nativeism," "intolerance" or "Whiggery." It is news to us, if not to the *Banner*, that Americans are the only class of our population who condemn Sabbath-breaking and debauchery. We have thought, and in spite of the *Banner* shall continue to think, that our Irish and German fellow-citizens, equally with Americans, believe in the due observance of the Sabbath, and that the great mass of our population, whether Native or Adopted, Whigs or Democrats, Catholic or Protestant, are the friends of Law and Order, of Temperance, Morality and Religion.

INJURY TO THE NEOSHO DAM.—We regret exceedingly to learn that about 60 feet of Mr. L. S. Van Orden's Mill Dam at Neosho was carried away during the night of the 5th instant. The cause of the disaster is unknown. This is the third or fourth piece of ill-luck that has befallen our friend Van Orden, but, nothing discouraged, he still works on. Such energy and perseverance *must* triumph in the end.

AMERICAN TRAVELLERS.—An American traveller in Europe writes to the Newark *Advertiser* that a party of four Americans had just passed through that place on their return from India, having come through Persia, and encountered many perilous adventures. The same letter states that no less than 60 American travellers passed up the river Nile this last season!

The Libellers of Gen. Scott.

The more unscrupulous of the opposition press, not satisfied with the result of their experiment in '40 and '48, when they sought to gain votes for their party and candidates, by denouncing Gen. Harrison as "an old granny," and Gen. Taylor as "an ignoramus," have commenced the same game once more, and are lavishing their abusive epithets upon Winfield Scott. The New Haven *Register* intimates that this gallant veteran is a *coward*; the Watertown *Register* sneers at his letter, modestly referring to "his past career, his known character, the sentiments and acts of his public life," as the only guarantee he can give of his fitness for the Presidency, and the Morning *News* publishes the following tirade:

Gen. Scott's Popularity in England.

"No man's name stands higher in England, than Gen. Winfield Scott."

So said John M. Clayton, the late Whig Secretary of State, in a speech at a Delaware Ratification meeting on the 23d ult.

Thurlow Weed writes home to the Evening Journal, that Gen. Scott resembles the courtly bearing of the Emperor of Russia.

The tory journals of Canada have *endorsed* the nomination of Gen. Scott, and a Ratification meeting *is going to be held* in her Majesty's dominions shortly.

His resemblance to the Emperor, and the not *unfriendly sentiments entertained by him to the designs of the Northern Bear*, will commend him to the countrymen of Robert Burns and the friends of constitutional liberty throughout the world.

His popularity among the murderers of O'Brien is cited by the Federal orators to illustrate his fitness for the Presidency of the United States, and will commend him to the friends of that gentleman in this country, and to all who entertain hopes of Irish freedom.

The pretext for this Guerilla assault upon Gen Scott, is a remark attributed to John M. Clayton, at the Ratification meeting in little Delaware. Of course, the remark is *garbled* to make it available. Here is what Mr. Clayton said:

Let the English, whom he conquered in two great battles, answer whether he is not a merciful and generous conqueror. No man's name stands higher in England than that of Gen. Winfield Scott, although he has so many times humbled their pride. Ask the Mexican, now, his opinion of Winfield Scott, and he will tell you that he considers him the most merciful, kind, and generous conqueror this age has produced. Is not this a character worthy of honor? I love him more for his mercy to the vanquished than all the other glories of his military life. [Applause.]

And this is seized upon by the *News* as the text for a foul assault upon Winfield Scott, and the false and silly assertion that "the Tory Journals of Canada" have endorsed his nomination; and that he "*entertains sentiments friendly to the designs of the Russian Bear.*" Shame upon the American press which thus strives to sully the fair fame of the Hero of Lundy's Lane, Chippewa, Chapultepec and Mexico! What say the American People to this base and unmanly assault upon a gallant Old Soldier? What must be thought of a party press, which in its thirst for office, stoops to such degrading means of obtaining a victory? England, Mexico, Canada—in short, the whole civilized world, respect the reputation, and admire the character of Winfield Scott. It is reserved for his own countrymen to blacken and defame it!

"DEMOCRACY" UP NORTH.—The Berlin *Mercury*, the organ of the Marquette County "Democracy," and fast ally and co-worker of the Morning *News*, thus rallies the party in that section of the State to support Pierce and King, *in order to get rid of the Fugitive Slave Law*. Hear this Anti-finality appeal:

The People of Northern Wisconsin, especially the settlers on the "Indian Lands," are *white men*; and they "go" for *white men* and for *white laws*. There is not a Negro amongst them, nor anything niggardly about them; yet they are friends to the slaves, and hope for their ultimate emancipation from bondage. Their voices have been raised against the rigid execution of the "Fugitive Slave Law," and they will never rest so long as domestic slavery is tolerated in our nation. Yet, they are law abiding men and will not repudiate the republican principle of yielding sectional prejudices to the will of the majority. The Fugitive Slave Law is the law of the land, and in full force. It is to be deplored. *And is to be repealed.* But how? By ELECTING PIERCE and KING. Will not Wisconsin prove true to herself? Has she not able and faithful champions in the Halls of the nation? Has she not placed Dodge and Walker in the Senate, and Doty and Durkee in the House of Representatives? Who doubts their integrity and patriotism? And if their seats become vacated during the Presidential term of Pierce and King, have we not equally as true and able men to fill them? There is no *finality* to the Fugitive Slave Law; *there can be none till it is no longer a law*. The liberty of speech cannot be suppressed, and *that hideous law will not escape debate till it is repealed or deprived of its fangs.*

We marvel that the *News* has not long since formally excommunicated the *Mercury* for preaching such heretical doctrines. So far from doing so, however, it was only on Tuesday last that the *News* thus strongly endorsed the *Mercury* as a reliable party organ:

BERLIN MERCURY.—Geo. C. Gifford, formerly of this city, has become connected with the *Mercury*. The paper is improved in appearance, and is doing good battle for *democratic principles*.

The *Mercury* goes for Pierce and King in order to ensure *the repeal of the Fugitive Slave Law*, which it denounces as "hideous." Nay more, it declares that it and the democracy of Marquette County "*will never rest, so long as domestic slavery is 'tolerated in our nation.'*" And our neighbour of the *News*, which is transported with indignation at the thought that the Whigs won't all swear by the "Compromise," has not a word of rebuke for its yoke fellow of the *Mercury*, but is even at pains to commend it as "doing good battle for democratic principles!" In the language of the *News* we indignantly ask:

"Can a party succeed that thus contemplates a *fraud upon one section of the Union or the other*? Is not a Presidential election under such circumstances, a trial of skill between mountebanks, an elevation of the person above the principle, and a mere scramble for the spoils of office?"

An Old Politician Exhumed.

Persons who are well versed in the history of political affairs for some years back, will recollect one Charles J. Ingersoll, for a long time in Congress as a leading Democratic member from Pennsylvania, and famous for two things in particular, viz: his well-known declaration, that "if he had lived in the days of the Revolution, he would have been a Tory"—and his utter demolition by Daniel Webster, when, in an incautious moment he provoked that gentleman by his slanderous accusations.

In their anxiety to make capital for Pierce and King, by extracting favorable responses from all politicians to letters of invitation to help them ratify the nominations, the Tammany Society called up the spirit of this identical Mr. Ingersoll. His answer is full of comfort to old Tammany. Here are sundry extracts from it. Concerning the candidates generally, he writes:

Candidates will be severely tried; but candid appreciation must, I think, acknowledge that *all four* of those lately placed before the public, *of both parties*, for advocacy, are safe men, from no one of which has the country anything to fear, but, on the contrary, *much to hope*. Two of them,—Mr. King and *General Scott*—I have known well nearly forty years, and on many trying occasions *found them both always patriotic, judicious and serviceable*. The other two—General Pierce and Mr. Graham—I have not known so long or so well; but after service in Congress with them both, I feel sure that they are both gentlemen with whom our institutions will never be *injured* or *endangered*.

Next the spirit raps its endorsement of General Pierce:

General Pierce I consider a *very happy hit in the confusion of competition* at the Convention: an excellent candidate who will make an excellent President.

There's a rap for you!

THE RAIL ROAD SUBSCRIPTION INJUNCTION.—An injunction was some time since sued out, in the name of the Hon. Hugh White, to prevent the Utica and Schenectady Railroad Company from subscribing to the stock of the Canada Railroad without the consent of all the stockholders of the company. The case has been recently argued before the Supreme Court of the city of New York, and that Court has dissolved the injunction.

APPOINTMENT.—John Greiner, former Indian Agent in New Mexico, has been appointed Secretary of that Territory, in place of Wm. S. Allen, resigned.

ONE OF THE BOATS.—The Northern Indiana run from Monroe to Cleveland, on Thursday last, in five hours. Distance 120 miles—24 miles an hour!

Scott Meeting.

An adjourned meeting of the Scott men of Milwaukee was held on Tuesday evening at the Old Post Office on Wisconsin-st.—M. H. Orton, Chairman, A. J. Langworthy, Secretary.

The Committee, appointed at the previous meeting to draft a Constitution for a permanent organization, reported, and after sundry amendments the following Constitution was adopted:

CONSTITUTION.

ARTICLE I.

The Name of the Association shall be the

SCOTT VOLUNTEERS.

ARTICLE II.

The OBJECT of the Association shall be to work, by all fair and honorable means, to swell the vote for Scott & Graham, and to ensure the electoral vote of Wisconsin for those candidates, pledged as they are, by their public lives and recent declarations, to the interests of Home Industry, to Internal Improvements, and to the welfare of the whole country.

ARTICLE III.

The MEMBERS of the Association shall be all who will, by signing this Constitution, pledge themselves to labor and to use their influence for the cause, and to contribute, according to their means and discretion, towards defraying the necessary expenses of the Campaign.

ARTICLE IV.

The OFFICERS of the Association shall be a PRESIDENT, 10 VICE PRESIDENTS (two from each Ward,) a RECORDING SECRETARY, a CORRESPONDING SECRETARY, a TREASURER, a MARSHAL and an EXECUTIVE COMMITTEE, consisting of one member from each Ward, with the President and Secretaries *ex-officio*.

ARTICLE V.

The PRESIDENT shall preside at all the meetings of the Volunteers, preserve order, act as member of the Executive Committee, and do all other things belonging to his office.

ARTICLE VI.

The VICE PRESIDENTS shall, in the absence of the President, perform his duties. In such case they shall be called to the chair in the order of the wards. They shall also be members of the Working Committees for their several wards.

ARTICLE VII.

The RECORDING SECRETARY shall keep the records of all meetings, attend to the enrolling of volunteers, and to such other business as belongs to his office, or may be prescribed by the association.

ARTICLE VIII.

The CORRESPONDING SECRETARY shall attend to the necessary correspondence with the friends of Scott and Graham in other places, under the direction of the Executive Committee.

ARTICLE IX.

The TREASURER shall have charge of the funds of the association, and shall account to the Executive Committee for them, and disburse them upon the warrant of the Chairman of that Committee.

ARTICLE X.

The MARSHAL shall aid in preserving order, arrange all processions of the Volunteers, and perform such other duties as may be appropriately required of him, having power to appoint such deputies as he may need.

ARTICLE XI.

The EXECUTIVE COMMITTEE shall consist of the President, the Secretaries, and one volunteer from each Ward. They shall have a general supervision over the affairs of the Association, and use their earnest endeavors so to direct its action as to secure its great objects. They shall appoint a finance committee from their own number.

ARTICLE XII.

WORKING COMMITTEES, consisting of the two Vice Presidents, and three others, from each Ward, shall have charge of the organization of the several Wards. The three last named shall be appointed by the Executive Committee, after conference with the Volunteers from the Wards.

ARTICLE XIII.

The officers of the Association shall be elected by the members in such manner as they shall determine.

ARTICLE XIV.

Vacancies in office shall be reported by the Recording Secretary to the first meeting after they occur, and be filled at once.

On motion, it was ordered that the Constitution be transcribed in a book to be procured for the purpose, and that the members record their names therein.

On motion, a committee of three from each ward was appointed to nominate officers, to report on Saturday evening next. The following persons constitute the committee:

1st Ward.—John H. Tweedy, A. W. Hatch, Wm. H. Watson.
2nd Ward.—J. A. Phelps, Walter Burke, A. J. Langworthy.
3rd Ward.—Wm. Brown, Jr., John Ryan, Wm. Brown.
4th Ward.—John Ogden, P. B. Hill, B. J. Belden.
5th Ward.—Wm. A. Hawkins, J. B. Zander, J. L. Burnham.

The Committee to procure a room for the regular meetings for the campaign, reported in favor of engaging the room in which the meeting was held. Report adopted, and Mr. Owen Aldrich appointed to take charge of the room and keep it in order for use.

The committee to procure funds for a cannon was given further time to report.

On motion, adjourned to Saturday evening, (17th,) to elect officers.

M. H. ORTON, Chm'n.
A. J. LANGWORTHY, Sec'y.

LETTER OF FRANKLIN PIERCE.—We publish this week the Letter of Acceptance of Franklin Pierce. The italics are ours. We can only say *that we repudiate entirely and unequivocally the position there assumed, and the principles there espoused.* We hope never again to see a candidate nominated upon that position. The support which this paper gives to the nominees is upon other and entirely different grounds, and is in spite of, instead of because of this position.

The position is a degradation to the North, an insult to the dignity of self respect, and violently opposed to the instincts of humanity, the principles of freedom, and the duty of truth and justice. The Democratic Party is destined to ruin, sooner or later, if it shall not hereafter assume a better position.—*Oshkosh Democrat.*

Here is another "repudiation," and a pretty plump one at that, of the "Baltimore Platform," by a "democratic" organ. The *News*, so quick to discover and to proclaim every symptom of disaffection towards the "Compromise" in the whig ranks, is both blind and deaf to these demonstrations in its own political household. The public can easily judge from this how much *honesty* there is in its philippics against the Whigs.

Mr. Webster in Boston.

The New York papers contains the account of the splendid reception of Daniel Webster in Boston, with his reply to the welcoming address. He made no allusion to political matters, but confined himself to an eloquent eulogy upon old Massachusetts, in whose service and that of his country he has spent his public life, and closed as follows:

And, now, gentlemen, I have only to say to you that, at my time of life, I am not likely to adopt any sudden change. No man can foresee the future. I prefer to foresee nothing. The future is not ours; the present is all we can claim. I now thank you for the great kindness and regard you have always shown me. I ought to thank you more especially for the civic procession of this day. Many of you are known to me, and some of the young are unknown.

I ought perhaps, to express my particular thanks to the military, who made so fine a display. You all know gentlemen, that it is not my fortune to be a successful military man. I am nothing, nothing but a hard working, pains taking, drudging civilian, giving my life and health and strength to the maintenance of the Constitution, and the upholding to the best of my ability, under the providence of God, the liberties of my country.

THE FLORIDA SENATORSHIP.—The Committee of the U. S. Senate has decided to report unanimously in favor of Mr. Mallory, the sitting member.—The case is one of considerable importance. The Washington correspondent of the New York *Herald* gives the following statement of it:

The question to be decided was, simply, whether blank notes should be counted for or against the person being balloted for. Mr. Yulee, the contestant, it appears, received, upon the first ballot, 29 votes out of 59—the balance being cast for blank. This was the highest number he received, and no claim was set up at the time that he was elected.

After several ballotings, Mr. Yulee was dropped, and Mr Mallory taken up, who received a majority of all the votes cast. It was clearly proved before the committee, that the universal usage of Florida has been, in all cases of election by the Legislature, to count votes cast blank as against the person voted for; and this fact, together with the evidence that Mr. Yulee and his friends well understood the usage at the time, by continuing to ballot till a majority was cast for Mr. Mallory, was deemed conclusive, by the committee, that Mr. Mallory was entitled to his seat.

Montreal, July 10.—That part of the city known as the Quebec and St Lawrence suburbs, is destroyed almost entirely—making a clear sweep of a smile and a half in lenght and threefourths in width, principally dwellings.—The Hayes House is also burned.

City Matters.

THEATRE—GREAT ATTRACTION.—Mr. Rice offers a strong bill for this evening, including two favorite plays and dancing by Mademoiselle Vallee. In the first piece, "the Wrecker's Daughter," Miss Dean and Mr. H. A. Perry will sustain the leading parts. In the second Mr. De Bar, a very clever comedian, will make his first appearance in Milwaukee. Between the plays Mademoiselle Vallee will dance "La Folie" from the opera of Gustavus. A capital Orchestra will add to the entertainment of the evening. Here, certainly, are attractions enough to satisfy the most exacting public.

SIGNOR VITI'S SALE.—The store at which the articles of Signor Viti & Sons are exhibited, was thronged all day yesterday with ladies and gentlemen examining the beautiful collection of statuary, vases, Bohemian and French ware, &c. The sale takes place this morning at the store, under the charge of Mr. Wall, and there will be spirited bidding between persons who have set their hearts upon possessing particular articles. It is not often that so good an opportunity is offered to our citizens to grace their parlors with such elegant reproductions of classic art.

FINE FRUIT.—We are indebted to Mr. Cram-Hawley for some luscious specimens of his Franconia and White Antwerp Raspberries, and of his Spanish Yellow and Black Tartarian Cherries. They were as palatable to the taste, as pleasant to the eye. We have seen too, from Mr. Parker's gardens this summer, as large and delicious strawberries as are to be found anywhere. We are glad to see the growing attention paid to the culture of fruit, and rejoice to know that those who have had good fruit to sell this season have found plenty of customers at remunerating prices.

A COMMENDABLE EXAMPLE.—The Chicago Common Council have concluded that it is never late to do right, and at their meeting on Monday evening, passed resolutions of respect to the memory of Henry Clay, and appointed a Committee to confer with the citizens on a day appointed, to make arrangements for paying proper funeral honors to the illustrious dead.

Our Common Council meets this afternoon.—Will not they do what the voice of one whole people calls upon them to do in this matter?

FAST COMING FRIENDS.—Judging from the way our clubs come in from every part of the state, the people are bound to be supplied with the documents. We had a large number extra of our weekly edition, enough, as we supposed to supply the demand, but fell short over a hundred copies. We'll try and be ready for all comers next week.

NEW BANKING HOUSE.—Messrs. Papendiek & Co., announces the opening of their new Exchange and Banking House. They have taken and fitted up in very handsome style the basement floor of Finch & Lynde's office, where they will be ready to wait upon their old friends, and the public generally. The first wish them all manner of success, and the rest will be friends when they come to be better acquainted with the new firm.

THE PHENOMENON COMING.—That prodigy among parchment musicians, the INFANT DRUMMER, is in Chicago. We received a despatch last evening, requesting us to announce his performance here on Friday evening of this week. The little gentleman has a fifer with him, who, if not so young, is said to be a master of the instrument.

MADAME ANNE THILLON.—The announcement of this Lady's appearance in our city is in our paper to-day. The latest notices which we have of her entertainments, are from the Buffalo papers. She has been giving a series of them in that city, and the *Courier* remarks as follows:

The entertainment, for novelty and enjoyableness has rarely been surpassed in this city, and that her reputation as a vocalist and actress, superadded to great personal attraction and a manner the most winning, would naturally enough attract a good audience; but warm and general as has been the public voice in these respects, the opportunity of judging afforded to our citizens last evening, left nothing to be desired and made her at once a favorite in Buffalo. With Mr. Hudson's capabilities Buffalonians are always familiar. He is one of the most agreeable of actors and a vocalist of high rank. His humorous songs are given with great gusto, and are uniformly applauded.

☞ Madame Adolphe is visited, at her rooms at the City Hotel, by large numbers of the curious. She is a capital phrenologist and physiognomist, and excites a good deal of wonderment by her disclosures.

THE WEATHER.—Who ever saw a more delightful sample of summer weather than yesterday—a cloudless sky, an etherial atmosphere and a radiant sunshine, tempered by a delicious Lake breeze.

FOR BUFFALO.—The favorite Steamer *Saluda* Capt. Appleby, leaves to-night for Buffalo. H. K. Jerome is the agent, at the office corner Main and Huron Streets.

NEW YORK ADVERTISEMENTS.—When New York merchants take the pains to advertise their wares liberally throughout the West, it is a pretty sure guarantee that they are wide enough awake to know how to secure business. That a goodly number of them do understand their interests, a couple of columns, nearly, in our paper, give ample evidence, so far as our city is concerned.

Trade in Northern Wisconsin.

The trade of Northern Wisconsin is very little known and appreciated by many of those who live but a short distance from this vicinity. Shrewd business men who pride themselves upon being "posted up" in all business matters connected with Wisconsin, are enjoying a blissful state of ignorance in respect to the trade of the Fox, Wolf and Wisconsin rivers. That large tract of country bounded by those rivers, is thickly settled by a hardy class of enterprising men, with families accustomed to all the comforts and luxuries common amongst New England people. Therefore, their labor produces, and their wants consume large quantities of merchandize, which cannot but create trade. Yet but few men of capital have penetrated into this section of the country, consequently this great trade is conducted by men of very limited means under many disadvantages. Capital is wanted here and it will pay a larger per centage on investments than in any other State in the Union. Men of means should visit this part of the State before locating elsewhere, and see for themselves the inducements offered to enterprise and capital.

Berlin is very centrally situated, on Fox river, through which most of the travel passes to and from the Wisconsin pinery: and it is astonishing to see the extend of the operations that are indirectly transacted between that point and Milwaukee. It requires only one ride from the lake port to Strong's Landing (Berlin) to be convinced that those two points are bound together by common interest, and that at no distant day a large and lucrative trade will grow out of their present traffickings. We venture the assertion that more real money passes weekly from and through the town of Berlin on its way to the city of Milwaukee, than through any other town of twice its size in the State. Capitalists cannot do better than to settle amongst the hardy pioneers of Northern Wisconsin; and merchants of the Lake cities cannot display better judgment than to encourage their trade, which is destined to be extensive, healthy and profitable.—*Berlin Mercury.*

☞ It is rather singular how many endorsements of great men the candidates find, now that they are up for office. It is said that Mr. Clay was greatly chagrined at the defeat of Cass, but pronounced Gen. Pierce a good man, &c. It is said, also, that Mr. Calhoun looked upon Mr. Pierce as one of the most reliable men, statesmen, and patriots the country had produced.

It is not strange how ignorant we are in Wisconsin. Here it was rather difficult to find out who he was. He had all kinds of middle letters interpolated in his name; he was declared erroneously to have been Governor of New Hampshire, &c. &c. The South seems to know more of him than the North, and to look upon him as much more reliable, though it does not endorse his relationship on the Percy family.—*Racine Advocate.*

New York, July 10.

Judge Betts, in the case of Kane, yesterday decided that the proceedings before the U. S. Commissioner, were regular, and that the habeas corpus will not hold. This is equivalent to giving up the prisoner to the British Government. The city authorities have fixed upon the 20th inst., for celebrating the funeral obsequies of Henry Clay.—The building burned at the Atlantic dock yesterday, was owned by Capt. Nye, of the steamer Pacific. his loss is $8,000, insured.

Some important developments are expected in a few days relative to the fraudulent operations of Palmer & Co. in the sale of California tickets

JOHNSON'S CHEMICAL HAIR INVIGORATOR.

THE EFFICACY of this justly celebrated embrocation for invigorating, beautifying, and imparting a gloss and silken softness to the hair, is now so widely known and acknowledged, that it has gained, by its merit, a reputation which is not for a day, but for all time. It is the province of science to subdue and control those physical evils which refined civilization has brought in its train; for so long as warm rooms and tight hats, with the combined agency of other influences, exist, will thousands of unhappy victims be troubled with bald heads and grey hairs to say nothing of the various cutaneous diseases to which the head is subjected. It was to relieve these evils that the

INVIGORATOR

was introduced.

For restoring the Hair to its original growth, or preventing it from falling out, this Compound has been pronounced by all Medical men to be a sure remedy.

For eradicating Scurf, Dandruff, and curing diseases of the Skin, Glands, Muscles, Stings and Bruises, it will always be found a safe, speedy, and unfailing cure; and so long as

"Fair tresses man's imperial race ensnare,
And beauty draws us with a single hair,"

will JOHNSON'S INVIGORATOR be essential to the toilet of every Lady and Gentleman who desire to give a soft, glossy, and luxuriant appearance to the natural drapery of reason's throne.

EXTRAORDINARY SUCCESS.

STORM'S CELEBRATED SCOTCH COUGH CANDY has been introduced, the most extraordinary success has attended it. *Four hundred thousand packages of this justly popular remedy* have been disposed of since its first introduction into St. Louis, and the testimony of thousands can now be offered to prove its claim on your consideration, as one of the most elegant and useful compounds of the day. The proprietor hears of its beneficial effects from every quarter of the country and he feels encouraged to extend its sale throughout all America.

DR. HOOFLAND'S GERMAN BITTERS.
This celebrated medicine is one of the very best in the country, and its good qualities only need to be known, to give it precedence over all others now in use. We have seen its good effects lately, after the total failure of many others. This is saying more than we can for any other medicine within our knowledge, and we feel it a duty to recommend the Bitters to the notice of our friends. The genuine is prepared by Dr. C. M. Jackson, Phila.

DAILY SENTINEL.

Telegraphic Report.

There was a faint glimmer of a report last night, but nothing came of it. We found out that Kossuth sailed yesterday in the *Africa*.

ARRIVAL OF THE ARCTIC.

Breadstuffs Better!

New York July, 11—6 P. M.

The steamship *Arctic* with four days later news from Europe, arrived at her dock at 2½ o'clock, this P. M. She left Liverpool at noon on the 30th, and brings 138 passengers, and a fair amount of freight.

The cotton market was somewhat irregular and previous prices were barely sustained.

Sales for three days were 1800 bales midling Mobile, and Orleans quoted at 5¼a5⅜ and do uplands 5¼.

Owing to the continued unfavorable weather, flour and wheat were a shade better. Business however was quite moderate. The former had advanced 3d per bbl., and the latter 1 penny per bushel.

Yellow Indian corn scarce, and 6d per quarter dearer, while white do was dull at previous prices.

At Manchester a fair amount of business was doing in garments at former prices.

Consuls quoted at 100⅛a100⅝.

Among the passengers by the *Arctic* is Thurlow Weed and family.

Another Great Fire!!

Boston, July 10.

GREAT FIRE IN BOSTON.—The largest fire that has visited this City for 20 years commenced at 2 P. M., and is now burning furiously.

It was caused by a fire cracker being thrown into a hay-stack in the rear of the Seaman's House, in Purchase-st., which, with Seaman's Home, Bethel, &c, was soon consumed.

It then crossed the street, and all the buildings on both sides of Purchase-st. to the head of Foster street wharf, and all in the rear of the School House from Forth Hill to Sea street are in flames. The buildings were chiefly occupied by poor families who lose their all. At least 50 buildings are in flames, and the fire is spreading.

One hundred families are houseless.

New Yorg, July 12.

Movements are on foot in this city for the relief of the Montreal sufferers.

The Free Soilers of the 3rd Congressional district of New York, have adopted a Platform and elected delegates to the Pittsburgh Convention. The Platform opposes slave catching, and is in favor of free farms and intervention.

Mr. Corwin, United States Consul to Panama, denied, before Justice Seward, on Saturday, that Messrs. Corwin and Brothers had ever been the agents of Palmer & Co.

Cincinnati, July 11.

The Cholera is prevailing to some extent in Springfield, Illinois, also at South River, Ky.—There have also been six deaths at Hopkinsville.

Washington, July 12.

The report that Abbott Lawrence had resigned, is false in every particular. He will not come home unless recalled. Something decisive will some be done with regard to the Tehuantepec affair.

Philadelphia, July 12.

The coinage at the N. O. Mint during the month of June, was 308,000.

N. Y. July 13.

Mr. Chas. Baring, of firm of A. H. Baring & Co. has filed a complaint against Messrs. Burford & Co., who charged him with forgery. Baring lays his damages at $50,000.

LEXINGTON, Ky., July 10.

The funeral obsequies of Henry Clay are now being celebrated.

The body arrived here this morning. There is an immense turn out—one that has seldom, if ever been equaled. Stores are mostly closed and the whole city is dressed in mourning.

From the Liverpool Journal 26th ult.

Another Yankee Yacht Victorious.

On Thursday afternoon, the first race for the season, for yachts of the first class, belonging to the Birkenhead Model Yacht Club, took place under the auspices of the commodore, Hamilton Laird, Esq. Considerable interest was attached to this race, owing to the fact that an American yacht, brought over for the purpose by Mr. Grinnell, of New York, was to be a competitor for the prize. The boats entered were:

1 Fairy Queen (cutter)......2 tons J. Wilkie, Esq.
2 Polly and Ann (schooner) 5 " ..J. Holmes, Esq.
3 Truant (sloop)..........3½ " ..R. W. Grinnell, Esq
4 Quiz (sloop)............3 " ..R. Laird, Esq.

The course fixed was from the Monk's Ferry slip, Woodside, to a boat moored opposite Eastham; distance about 6½ miles; thence to a boat moored off the Potteries, south of Liverpool, and back to the starting place at Monk's Ferry. Precisely at half past two o'clock the starting gun was fired, and the boats got under-weigh—the lead being precisely in the reverse order of the figures set down. After a run of about a mile, however, the American boat went ahead, and, at the Eastham flag boat, the distance run was as follows:—

	h.	m.	s.
Truant	3	5	40
Quiz	3	7	11
Polly and Ann	3	9	26
Fairy Queen	3	9	50

On the return trip the American boat kept the lead, and came in a winner, passing the flag-boat at Monk's Ferry sixteen minutes before the second boat, Mr. Laird's. Although the Yankee has, on this occasion, again "whipped all creation," the best feeling was manifested; and Mr. Grinnell was highly complimented by the commodore in awarding to him the cup.

DEATH OF DUDLEY MARVIN.—We learn from the Westfield Transcript, that Hon. Dudley Marvin died at his residence in Ripley, Chatauque county, on the 25th ultimo, in the sixty-sixth year of his age. Mr. Marvin was a native of Lyme, Conn., from which place he removed to Canandaigua, in this State, in the year 1807, where he commenced and prosecuted the study of the Law, in the office of Howell & Greig.—He was admitted to the bar and commenced the practice of Law about the year 1811. He soon attained an eminence in his profession, especially as an advocate, which made him known in all parts of the State. He was almost constantly employed in important causes in the Western Circuits, so that his name was familiar in all the Western Counties. He was a member of Congress from 1823 to 1829 having been elected for three consecutive terms. In 1844 he removed to Ripley, Chatauque county, with a view of spending the remainder of his days in retirement, but in 1846 his services were again demanded by the spontaneous voice of the people of that district, and he was again elected to Congress and served another term.

☞ The Hon. M. M. COTHREN, of Mineral Point, received the nomination from the Convention held at Platteville, for Judge of this Judicial Circuit. Mr. C. is a lawyer of high standing, and would without doubt make an excellent Judge. We think his chances for votes in this section would be much better were he not a party candidate.—*Potosi Republican.*

IMMENSE FREIGHT TRAIN.—One of the largest freight trains that has ever been drawn over any road, came into Detroit over the Central Railroad on Thursday morning. It was composed of 76 cars, and there were nearly 300 tons freight. It was drawn by a single one of their very powerful locomotives. The train was a little over a quarter of a mile in length. If this is not a proof that this road does a large business, we should like to know what would be satisfactory.—*Detroit Advertiser.*

THE FINE ARTS.

SIGNOR VITO VITI, who for the last forty years has been known throughout the United States as an extensive importer of Marble Statuary, Alabaster Vases, Oil Paintings, Curiosities, and objects of Antiquity from Rome, Florence, Milan and Genoa, has sent to our City a number of packages of his beautiful wares, which are now in preparation, and in a few days will be ready for inspection. This is a rare chance for our Citizens to obtain articles of refinement for the decoration of their halls, parlor, and sleeping apartments. Rich sofas, ottomans, &c., may possibly effect that object, but they have not the refining influence possessed by Statues, Busts and Basso relievos.

The Signor's taste, matured by a practice of forty years, in the famous galleries of Italy, and acknowledged by many of the most respectable citizens of Boston, Philadelphia, New York and New Orleans, will be a sufficient guarantee that each and every article will be adapted to the refined taste of the Ladies and Gentlemen of Milwaukee and vicinity.

I have rented, for the purpose of arranging the above articles, the Store Room formerly occupied by Messrs. Cowles & Ross. Due notice will be given when they can be examined and the day of sale.

SALAMANDER SAFES.

WILDER'S PATENT AND RICH'S PATENT COMBINED.

$100,000 SAVED.

FIRE in Pearl Street and Fletcher Street, New York—Three Stores and their contents destroyed. Deeds before words!

RICH'S SAFES AGAIN!

ELEVEN Safes of different makers consumed, with their contents! The Safe made by Rich & Co. defied the flames and brought out its contents without a mark of fire on them!

MR. GILBERT'S LETTER.

[illegible]

New York, Dec. 26, 1851.

Messrs. STEARNS and MARVIN, successors to C. Rich & Co., No. 146, Water Street, New York—Sirs, when the fire was consuming my place of Business, No. 216, Pearl Street, I was absent in Rensselaer County, testing a new cleaning apparatus in connection with my Excelsior Thrasher, and did not read the account until I was fearful it was too late to save my books which were placed in one of your safes, purchased from Mr. Marvin some years ago. My fears were not allayed when I found it necessary upon my return to apply the Croton Water 40 hours before I was enabled to commence operations; after which, it required 54 hours of labor and application to raise the Salamander from its site bed. You may judge of my anxiety during this delay, and my agreeable surprise upon opening the safe in the presence of a number of gentlemen, to find my books and papers saved, and as legible as they were previous to the fire. The intense heat to which the Safe was subjected, can be conjectured from the condition of another safe, (not a Salamander) of which an iron skeleton frame only remained, and not a vestige of a book. They were companions in the same office, on the second floor, from which they fell upon crates of earthen ware in the cellar, the ruined one upon the Salamander. If their position had been reversed not even the skeleton would have remained. My loss over the insurance is $1,930, yet the salvation of my books in your Salamander with the representatives of [illegible], and important documents which could not be duplicated, has fully compensated me.

I will afford me great pleasure to exhibit the new safe purchased of you, and explain its merits, at my present office, No. 251 Pearl street, where I shall remain until the new building, No. 216, is erected.

Yours respectfully, JOSIAH G. GILBERT.

The undersigned invite country merchants and those interested in the preservation of their books from fire, (but particularly those having Rich's safe in use) to call at the depot 146 Water street, New York, to see the interior of Mr. Gilbert's safe with the books undisturbed, which he has kindly permitted to remain for the satisfaction and gratification of the public.

☞ Orders for Burglar Proof Vaults, and Vault Doors, promptly and faithfully executed.

Certificates have been received from the following well-known mercantile houses, who have had their books, papers and money preserved in these superior Safes within the last thirty days, (and can, with many others, be seen at my store) viz: Messrs. IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times" and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Hutler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after my eight years experimenting upon these machines, not one in use is of any value for the purposes contemplated.

I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.

JAMES G. WILSON,
Philadelphia."

May 19, 1849.

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well or better, than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, that are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat and are willing to save 25 per cent, to call and see us.

RADWAY'S READY RELIEF,

Is the first and only remedy ever recorded in the Medical History of the World that has stopped the most violent pains in a few seconds.

IT WILL STOP

THE MOST SEVERE PAINS

IN A FEW MINUTES, AND CURE THE MOST OBSTINATE AND TORMENTING RHEUMATIC, NEURALGIC AND NERVOUS COMPLAINTS

IN A FEW HOURS,

INTERNAL AND EXTERNAL.

IT WILL STOP

THE MOST EXCRUCIATING PAINS,

IN FROM THREE TO FIVE MINUTES!

AND HAS CURED

Rheumatism	In Four Hours.
Neuralgia	In One Hour.
Croup	In Ten Minutes.
Diarrhea	In Fifteen Minutes.
Toothache	In One Second.
Spasm	In Five Minutes.
Cramps	In Five Minutes.
Sick Head Ache	In Fifteen Minutes.
Chill Fever	In Fifteen Minutes.
Chilblains	In Five Minutes.
Sore Throat	In Four Hours.
Influenza	In One Hour.

SPINAL COMPLAINTS, STIFF JOINTS, STRAINS, BRUISES, CUTS, WOUNDS, FROST BITES, CHOLERA MORBUS, DYSENTERY, TIC DOLOREUX, and all other complaints where there is severe pains, RADWAY'S READY RELIEF will instantly stop pain, and quickly cure the disease.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF

In a few seconds

WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and enables the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.

PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Acontine, Belledonna Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.*

If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF

IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhea,	Dysentery,
Bloody Flux	Cholera Morbus,

Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.

PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.

CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidney's, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAYS MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive,—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.

all diseases arising from a Disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the sight, Fever and Dull Pain in the Head

DEFICIENCY OF PERSPIRATION,

Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits, CAN BE EFFECTUALLY CURED BY DR. HOOFLAND'S CELEBRATED GERMAN

BITTERS,

Prepared by Doct. C. M. Jackson,

AT THE GERMAN MEDICINE STORE,

120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 3d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 25 "Dr. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 21, says:—"A Medicine—We speak knowingly of Dr. Hoofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious,

PERRY DAVIS'

Opinion of the most prominent Druggists and Merchants of Cincinnati in its favor.

CINCINNATI, Oct. 26, 1849.

We the undersigned, Druggists and Merchants of this city, have been acquainted with and sold for 2 or 3 years past, an article of Family Medicine, known as PERRY DAVIS' VEGETABLE PAIN KILLER, and we would assure the public that in every instance, so far as we know, it has given the best satisfaction to the purchaser. We can recommend it to the public as an article of **Great Merit and Virtue**; indeed, we never knew an article of Medicine become so deservedly popular in so short a time, which is proved by the fact of its extensive sale, and constantly increasing demand.

A Word of Caution to the Public!

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co. of Buffalo, which is a worthless imitation and the pamphlets a "base forgery" which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud." Many unprincipled persons, to deceive the public, and for the sake of gain, have applied the name Pain Killer or something similar to their own compounds such as Pain Destroyer, Pain Killing Compound, a real Pain Killer, &c. &c. all of which have been got up on the reputation of Perry Davis' Pain Killer. The public are cautioned against these mixtures.
